

Webinar 19: General Capabilities | Critical & Creative Thinking Danielle Cavanagh, ACARA

Danielle Cavanagh, Curriculum Specialist, General Capabilities and Primary, Australian Curriculum, Assessment and Reporting Authority (ACARA) is responsible for the Australian Curriculum, General Capabilities. Danielle led and coordinated the development and review of the F–10 Australian Curriculum: General Capabilities. Danielle is an experienced primary educator with a demonstrated history of supporting schools with curriculum implementation across urban, regional and remote areas of the Northern Territory. During her career Danielle was a classroom teacher, curriculum leader, Deputy Principal and Primary Education Advisor for Catholic Education Northern Territory. As ACARA’s Curriculum Specialist; General Capabilities she has led projects including General Capabilities and Career Education Illustrations of Practice and the research into a Critical and Creative Thinking learning progression.
