

## **Webinar 6: Improving equity and excellence through school leadership, policy, practices and student wellbeing**

### **Professor Donna Cross**

Dr Donna Cross is a behavioural scientist and Emeritus Professor at the University of Western Australia. She is also the NSW Chief Behavioural Advisor and a Senior Research Fellow at the Telethon Kids Health and Medical Research Institute. Donna has received over \$84m in competitive funding to complete research which has contributed to significant health and education policy and practice change in Australian and international schools and communities. Her research addresses students' social and emotional learning, wellbeing, mental health promotion, bullying prevention, and positive and safe online behaviour and school staff wellbeing.
