

**Dr Marijne Medhurst**

Dr Marijne Medhurst BSc, MSc, PhD, is a Research Fellow in the Centre for School and System Improvement [CSSI] at the Australian Council for Educational Research. Marijne's expertise is in inclusive education, classroom assessment and school improvement. She has particular interest in accessible pedagogical and assessment practices, as well as school-wide inclusive reform. Marijne has contributed to multiple academic publications, including an edited book on Inclusive Education. In her role at ACER's CSSI, Marijne is working across national and international projects on school and teacher improvement with a focus on inclusion.
